

UPDATED VISITATION GUIDELINES 05-17-2023

Welcome! We are glad to have you as a North Dakota Veterans Home visitor. Visitation is always allowed for all residents. Please use the main entrance and sign in at the kiosk when visiting.

We are following the core infection control practices.

1. Hand Hygiene and respiratory hygiene (e.g., covering your mouth while coughing)
2. Postpone your visit if you do not feel good. For example, if you have known close contact within the last ten days, postpone your stay for ten days.
3. Remain up to date with all recommended COVID-19 vaccine doses.

Residents may continue to deny or withdraw consent for visitation at any time.
