April 14, 2021

Family Members,

We hope this letter finds you well. Today we need to update you that two employees tested positive for COVID-19. We will test residents and staff on Friday, April 16th. Even though the positive test results brought about changes we implemented last week life on campus is flourishing. Residents have been busy starting seeds for the raised gardens which they are eager to plant. Card games have resumed, and the residents are thrilled. We are grateful for the positive attitudes that our residents and staff members have demonstrated as we adjust to changes.

Following the guidance imposed by CDC and CMS the following changes will be made:

Visits

Indoor visitation is completely on hold until further notice. Visitation will take place in the gazebo in one-hour increments on Thursdays and Saturdays until further notice. Please contact your loved one's case manager to schedule.

Testing

Residents will be required to test along with staff. The next facility wide testing date is April 16th. You will be contacted if your loved one is suspected to have or diagnosed with COVID-19.

Safety Plan

Please review the current Safety Plan.
