February 1, 2022

Family Members,

Greetings to you all on this first day of February. It truly has been a classic North Dakota winter; we are all hopeful that the weather forecast settles down this month. If you have been following our announcements and website graphs you are aware that January was a month of high positivity case rates of COVID-19 at our Home. Our total positivity count is lower than a few weeks ago yet we are still seeing positive test results. Today we need to share that six staff members tested positive for COVID-19. The identified staff members work on both basic and skilled care.

Communication is important during these times, please know that the North Dakota Veterans Home will be using the **One Call Now** system to send out alerts and notices. Messages will be sent via text, phone, and email.

- If you prefer to receive your messages through **text**, please text **Alert** to **22300**.
- When receiving phone calls, the caller ID will show our main number of 701-683-6500.
- When receiving text messages, the ID will be 22300.
- To make it easier to identify our messages we suggest saving the contact numbers and labeling them as NDVH on your phone.

While we permit visitors, we ask that anyone who feels ill or has any symptom of COVID-19 to postpone their visit and get tested before visiting. While you are visiting with your loved ones, please wear an N95 or KN95 face mask, practice healthy physical distancing, and limit your movement throughout our care community as much as possible. Together, we can all prevent the spread of the virus into our Home.

Please feel free to reach out to any of us with questions or concerns.
