Dear Family members,

This afternoon our leadership team was involved in a tactical call with the long-term care community of North Dakota. In this meeting the new CMS guidance was discussed regarding nursing home visitation. The North Dakota VP3 (Vulnerable Population Protection Plan) team is creating recommendations for North Dakota basic and skilled care facilities to follow. On the call, our team was informed that finalized guidelines which our facility will need to follow will be available next week. We are eager to discover how this will impact the North Dakota Veterans Home. Please be watching for an announcement from us next week

At this time our current visitation guidelines will be in place until further notice.
