March 2, 2021

Family Members,

Things are looking brighter as we approach Spring. Yesterday for the first time in nearly a year the skilled residents were able to gather in Town Hall for Bingo (with social distancing in place.) Today the woodshop officially reopened, and a new health group started for residents who are interested. We also would like to announce that we had no positive test results from our COVID-19 testing event last week. As a facility we will test again on Friday, March 5<sup>th</sup>.

In other exciting news we want to share that we have added a second visitation day for family members to visit loved ones. We are now offering visitation on Thursday and Saturday! Another small thing we added to our visitation is that you will now be able to book online if you wish. You can still call a case manager to schedule if you prefer. If you would like to book online click on the link below. This will be active on our website as well as our Facebook page for ongoing use. Visitation is currently being offered in the gazebo for up to an hour on Thursdays and Saturdays. Spaces are limited and book quickly.

- Once you click the link, you will see, “Gazebo Family Visits” highlighted in red along the top of the page.
- You will then scroll down and click the date you would like to visit- Thursday or Saturday, it will highlight to red when selected. If there is an opening- you will see times available to the right of the calendar. Click your preferred time and it will also highlight to red. If no times show up- that means the day is fully booked and you will have to select a new date.
- Now scroll down on the page and fill in your name, email, and phone number as well as who you are coming to visit. You can uncheck the box if you do not want a text message confirmation. You will receive an email confirmation of the booking.
