April 1, 2021

Family Members,

Greetings to you all as we prepare to celebrate Easter weekend. Town Hall was home to Easter themed bingos this week, it was great to see so many residents attend bingo, many for the first time. The Art Studio and woodshop have been bustling with action and conversations as residents continually think of new projects to create. We are so thankful for the support we receive that allows our activities programs to flourish, if you see a member of a Veteran Service Organization pass on a word of thanks for the difference they make at NDVH. Another activity that we were able to witness this week was the joy of several basic care residents leaving the NDVH campus for a drive in their vehicles, it had been a long time since many of the residents ventured off of the grounds.

More and more scheduled visits have been taking place. If you would like to schedule a visit to see your loved one, please contact their case manager or book your appointment online via our COVID-19 tab on our website. All visitors need to be screened in our front lobby at their appointment time, following they will be directed to park in visitor parking in the appropriate pod area. Please see the map attached to this letter for clarifications.

We want to keep visitation open and to do so we ask that you adhere to all visitation guidelines specifically regarding wearing the facemask we provide you for the entirety of your stay. Also, please remember at this stage visitors are to go directly to the resident's rooms and when they are done with their visit, they must exit out the door they entered without further movement in the facility. Thank you for working with us in advancing through the re-opening phases. It has been heart-warming to see many of you reunite with your loved ones.

Please feel free to call us with any questions that you may have. Have a wonderful Easter weekend!

If visitor parking spots are full in the B and C Pod visitor area you may park here.

1. Go to the front lobby to be screened by NDVH staff for your scheduled visitation.
2. Park in the appropriate spot for the location of the resident you are visiting.
3. If you have been screened a staff member will meet you at the appropriate door for your visit.
