Family Members,

We need to notify you that we have a healthcare worker who tested positive for COVID-19. The North Dakota Veterans Home is staying in close communication with local and state health officials to ensure all the appropriate steps are being completed. We continue to follow the guidance from the CDC and CMS to reduce the spread and impact of COVID-19.

Visitation and location will vary as we work through this change. Please contact your loved one's case manager prior to your scheduled visit if you have questions. Frequency of testing will be increased, and we anticipate additional changes. You will be receiving further updates from us as we receive direction on how to proceed. Thank you for your cooperation.

Please feel free to call us with any questions that you may have.
