June 4, 2021

Family Members,

Residents and staff underwent a facility-wide COVID-19 testing event on 6-3-2021. This morning we were notified that a resident tested positive. The resident has been transitioned to our COVID-19 Unit. We are educating and encouraging residents to continue to wear facemasks and practice hand hygiene.

The following changes have been implemented as we follow current guidelines from the CDC and the North Dakota Department of Health.

Visits

Scheduled indoor visitation can take place on skilled care. Scheduled outdoor visitation can take place for basic care residents in the courtyard/pavilion area. Thursdays and Saturdays are the designated visitation days until further notice. Please contact your loved one's case manager to schedule.

Testing

The next facility wide testing dates are Monday, June 7th and Thursday, June 10th. You will be contacted if your loved one is suspected to have or diagnosed with COVID-19.

Activities

Basic care and skilled care activities will not be combined at this time.

Have a wonderful weekend and feel free to reach out to us if you have any questions or concerns.
