May 8, 2020

Dear NDVH Family Member:

Greetings from the North Dakota Veterans Home. As we keep our commitment to keep you informed on our situation here at our home, here is what's happening as of today:

- As of this writing, we continue to have **no cases** of COVID-19.
- There is one resident at the Home who is considered a Person Under Investigation (PUI) and we are awaiting results. (PUIs) are people who may be exhibiting signs or symptoms of the virus or may have been exposed to the virus. The resident has been moved to our designated area. If a positive test result returns, we will notify families. We appreciate your adherence to existing HIPAA privacy rules and regulations, as we cannot share information on residents here at the Home.
- The residents and staff will be tested for COVID-19 in the upcoming weeks. Testing will take place on the same day for residents and staff. We have not been given a testing date at this time. We will be communication with families as we are made aware of more details.
- We continue to screen all employees including checking temperatures and screening for varying symptoms.

As you can imagine, this unprecedented event is still a fluid situation. We are paying close attention to all the guidelines being presented by federal, state and local officials. We are also staying true to our Mission, Vision and Values as your loved one's well-being remains our top priority.

We will continue to keep you informed on our situation here. Please look for additional information on the COVID-19 Update tab on our website: <https://www.nd.gov/ndvh/covid/>. Should you have any questions or concerns, please don't hesitate to reach out to us: 701-683-6500.

Respectfully,

Mark B. Johnson  
Administrator  
701-683-6501

Wanda Cavett  
Director of Nursing
